

HUB INTERNATIONAL

Indigenous Protection

Local service is a key difference between our Indigenous Program and our competitors' offerings. Local means we have the people in place in or around your community ready to help – ready to serve. Our professionals have considerable resources – knowledge, technology, and market relationships to provide coverage and services individually tailored to the needs of each First Nation community. Over 65 offices to serve you in Western Canada.

WHO WE SERVE

HUB international is a leading brokerage providing a broad array of property, casualty, risk-management, life and wealth, reinsurance, employee benefits, investment and wealth management products and services across Canada. We are proud of the fact that we have been providing insurance coverage to First Nation communities for over 30 years now. In fact, we have the longest running First nations program in Canada. Our model is simple. We represent you, the buyer, and therefore, we work hard to earn your trust and respect. Our track record shows our long-term commitment to providing superior products and services to First Nations across Canada.

PREMIUM SAVINGS AND FINANCING

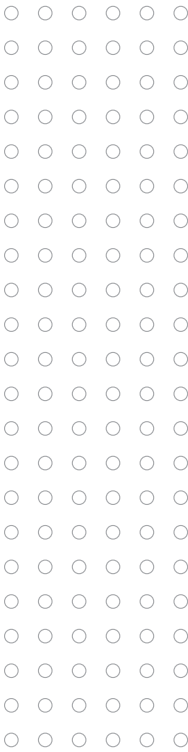

The size and scope of our program across Canada allows us to provide significant volume discounts for our First Nation clients as well as offer very competitive premium financing options. The result is a stable and competitive program for our clients.

FINANCIALLY STRONG INSURANCE COMPANY SUPPORT

Our Program is supported by trusted insurance companies who have participated on our Indigenous Protection Program since the start. All of our carriers have a strong financial rating.
